Revolutionizing the World of Gaming

GAMZION

Welcome to Gamzion, where the legacy of gaming legends collides with the future of tech. We're more than just a gaming company — we're a digital universe where your favorite childhood heroes return, and tomorrow's innovations come alive. From timeless classics like Mario and Contra to the dawn of NFT ownership, AI-based game intelligence, and Forex-style gameplay economies, Gamzion is setting the stage for the next revolution in interactive entertainment. Whether you're a die-hard retro gamer or a curious explorer of Web3, we invite you to dive into a world where nostalgia meets next-gen.

About Us Gamzion

Leveling Up Gaming, One Revolution at a Time

At **Gamzion**, we're not just building games — we're building a universe where nostalgia meets next-gen. Born from the passion of hardcore gamers and powered by cutting-edge tech, Gamzion brings together iconic titles like Mario, Contra, Tomb Raider, Prince of Persia, Mustafa, Need for Speed, and Tekken Tag, and fuses them with the future of NFTs, Forex-style trading mechanics, and AI-driven gameplay.

We believe gaming is no longer just about passing time — it's about earning, owning, and evolving. That's why we're crafting a platform where every move you make, every item you unlock, and every skill you master has real-world value. Our mission is to turn gamers into digital pioneers and casual players into community stakeholders.

Message from the CEO - Gamzion

■ Gaming is no longer just a pastime – it's a powerful platform for connection, creativity, and opportunity.

At **Gamzion**, we believe in a future where every gamer is more than just a player — they're a visionary, an innovator, and a stakeholder in something greater. From timeless classics like Mario, Tomb Raider, and Tekken Tag, to futuristic platforms like NFTs, Forex Gaming, and AI-powered experiences, we're not just blending genres — we're creating an entirely new ecosystem.

I'm incredibly proud of our team and our growing community who dare to dream bigger.

■ Together, we're redefining the meaning of "play." Gamzion isn't just a gaming company — it's a movement, and you're a part of it.

Febrizio Bellavista

www.gamzion.com

Our Mission

- Empowering gamers through innovation, ownership, and real-world rewards.

To revolutionize the gaming world by fusing classic nostalgia with futuristic technologies, empowering players to earn, evolve, and truly own their gaming experience. At **Gamzion**, our mission is to create a dynamic platform where entertainment meets opportunity. We aim to deliver immersive gameplay with real-world value through the integration of NFTs, Forex-style game economics, and AI-driven environments. By putting power back into the hands of the players, we strive to build a global community where every action, achievement, and asset is meaningful and rewarding.

www.gamzion.com

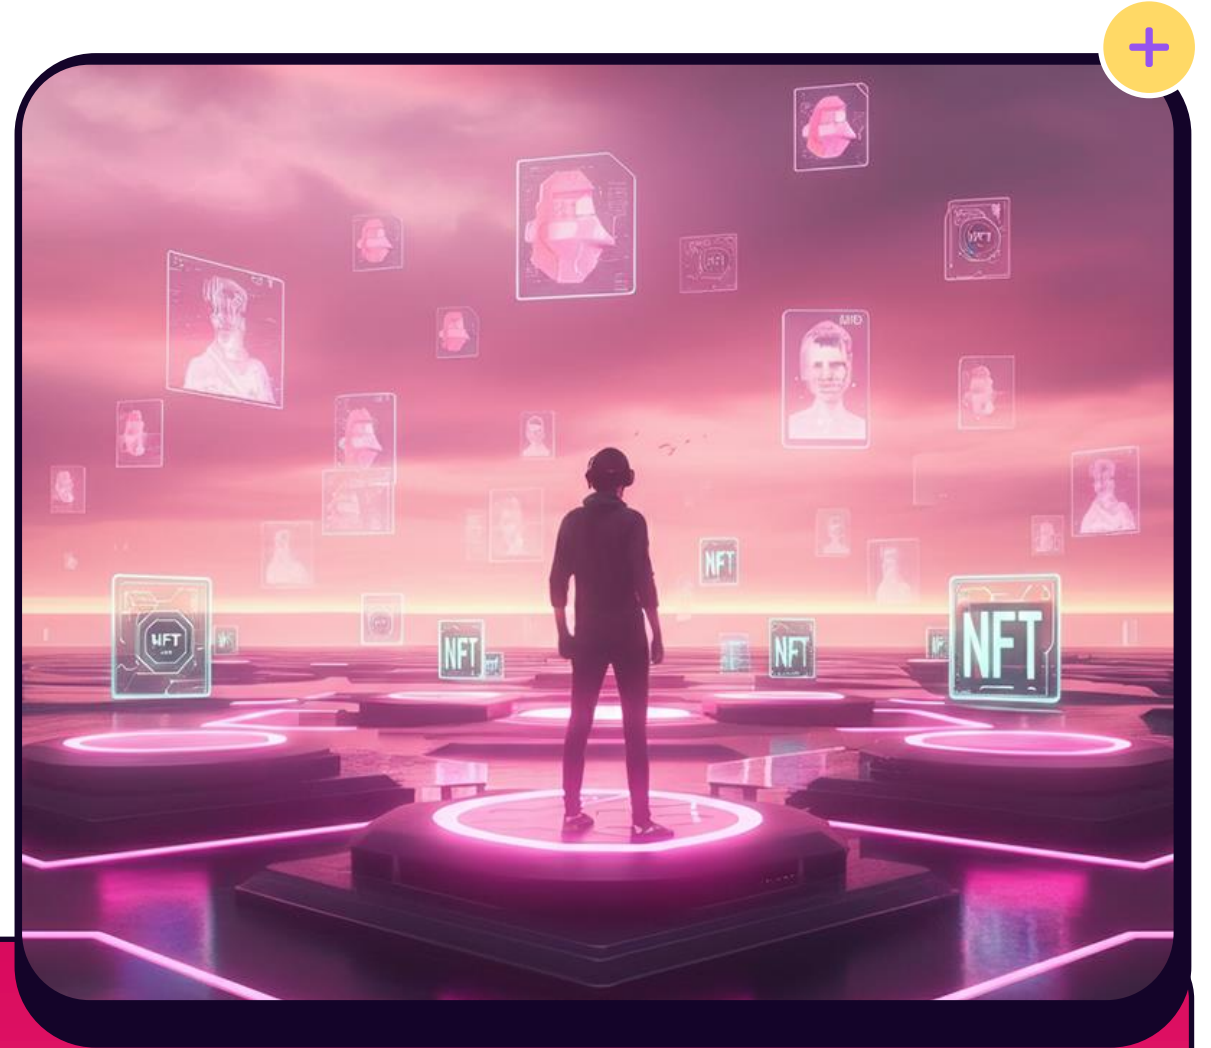

Our Vision

- To lead the future of gaming with Web3, NFTs, and AI-driven experiences.

To become the world's leading Web3 gaming ecosystem — where every gamer is not just a player, but a pioneer.

We envision a future where gaming is more than escape — it's empowerment. A universe where iconic titles like Mario, Prince of Persia, Tomb Raider, and Tekken evolve into fully immersive, decentralized experiences. We dream of a world where your digital wins translate into real-world wealth, and where your time spent gaming contributes to building your identity, community, and future.

Mario & Friends

■ The Adventure That Started It All ▲

Step into the pixel-powered universe of Mario & Friends, where timeless nostalgia meets modern thrill. From leaping over Goombahs to rescuing Princess Peach, Mario, Luigi, Yoshi, and the gang have defined generations of gaming. At Gamzion, we're reviving these legendary heroes with a twist — blending their classic charm with cutting-edge technology.

Imagine racing through Mushroom Kingdom with NFT power-ups, unlocking skins through AI challenges, and earning real-time rewards via crypto integrations. Whether you're an OG fan or a new-age gamer, Mario & Friends isn't just a game — it's a celebration of legacy, loyalty, and limitless fun.

At Gamzion, the mustache never goes out of style — it's only getting smarter.

Contra Rebooted

■ The Legend Returns Bigger, Bolder & Blockchain-Ready

Get ready to relive the adrenaline of the battlefield with Contra Rebooted — a reimagined classic that merges retro action with next-gen tech. We've taken the iconic run-and-gun chaos you loved and infused it with modern graphics, multiplayer co-op, and blockchain integration for real asset ownership.

In Contra Rebooted, every mission isn't just about survival — it's about earning rewards, upgrading your NFT-based weapons, and trading battle loot in real-time. Whether you're jumping into fire zones with friends or unlocking AI-powered enemy intel, this isn't just nostalgia... it's a revolution in gameplay.

Old school grit. New school rewards.

Tomb Raider & Prince of Persia

Where Legends Live On in the Web3 Era. ▶

Gamzion brings two of the most iconic adventure franchises — Tomb Raider and Prince of Persia — into the future of gaming. These timeless classics, known for their epic storylines, breathtaking landscapes, and adrenaline-fueled missions, are being reimagined with cutting-edge tech.

Now, players can relive Lara Croft's daring explorations and the Prince's gravity-defying combat with added layers of NFT collectibles, customizable characters, and AI-enhanced gameplay. Plus, in true Gamzion fashion, every challenge conquered or artifact found can now earn real rewards through our DeFi-powered ecosystem.

You play, you progress, you profit.

Need for Speed

■ The Ultimate Racing Rush ▶

Buckle up, because Need for Speed isn't just a game — it's a high-octane lifestyle. One of the most iconic racing franchises of all time, NFS takes adrenaline junkies into a world of street racing, exotic cars, intense police chases, and underground glory.

At **Gamzion**, we bring back the thrill of Need for Speed with a modern twist — fusing classic gameplay with new-age tech like NFT car skins, leaderboard-linked rewards, and even Forex-style risk-reward challenges for pro racers. Whether you're here for speed, style, or staking your position in the future of gaming, Need for Speed at Gamzion lets you race for more than just victory — you race for value. ■

Ready, set, drive more & Earn more!

From arcade floors to the blockchain frontier, Tekken Tag and Mustafa have stood the test of time — and now, they're leveling up with Gamzion. We're not just reviving nostalgia; we're reinventing it. Tekken Tag brings its iconic tag-team action and legendary characters into a world where your every combo can be tracked, ranked, and even earned from through AI-based challenges and NFT collectibles.

Gamzion transforms these classics into more than just games. They're now experiences where every punch, power-up, and progression contributes to your digital legacy. Whether you're chasing leaderboard glory or grinding for crypto loot, Tekken and Mustafa are no longer just throwbacks — they're the future.

A collage of characters from the Tekken fighting game series. In the center is Heihachi Mishima, an elderly man with a long white beard and intense expression. To his left is Kazuya Mishima, a younger man with dark hair and a serious look. Below Heihachi is Nina Williams, a woman with dark hair and a headband. To the right is another character, possibly a woman with dark hair and a headband. The background is dark with a glowing red 'X' shape. The Tekken logo is visible in the bottom right corner.
